People's Friendship University of Russia (Russia)	800 EUR per participant	275 EUR per participant
Penza State University (Russia)	800 EUR per participant	275 EUR per participant

PROREKTOR ds. studenckic.
dr hab. inż. Paweł Drożdżel, prof

University of Sfax (Tunisia)	800 EUR per participant	360 EUR per participant
Kyiv National University of Construction and Architecture (Ukraine)	800 EUR per participant	275 EUR per participant
National University of Uzbekistan (Uzbekistan)	800 EUR per participant	530 EUR per participant

2. The standard incoming student mobility to Lublin University of Technology (hereinafter LUT) under Erasmus + Programme is one semester within one academic year. The minimal duration of mobility is one semester, however, not less than 3 months. The maximum duration of the financial support during one academic year is 10 months.
3. A prolongation of the mobility period at LUT is acceptable. In that case, the rates of monthly scholarship specified in point 1 are used. The prolongation of mobility is possible only from winter to summer semester. The request for prolongation of the mobility period must be introduced at the latest one month before the end of the mobility period initially planned. The decision concerning the prolonged mobility at LUT should be made in a period that allows student to complete necessary formalities which are obligatory to legalize the prolonged stay in Poland. The condition of extension is the receipt, by LUT, of proper funding, that is Erasmus+ funds.
4. The scholarship amount will be counted to an accuracy of one day. Each month equals 30 days. Student's stay at LUT can be reduced up to 5 days and this will not change the amount of the scholarship. *Mobility Tool* will be applied for the scholarship settlement.
5. The start date of the mobility set down in the agreement shall be the student's first day at LUT. It will be a welcome meeting day or the first day of a language course.
6. The end date of the mobility shall be the last day of the student's stay at LUT. This date will be determined on the basis of the Letter of Acceptance, according to the *Mobility Tool* system.
7. The student shall receive a monthly scholarship of 800 euros and lump sum on the travel expenses on the basis of the Travel Distance Calculator of European Commission. The amount of the scholarship is expressed in euro, in total numbers. Funding is transferred to the bank account specified by the student in the Grant Agreement.
8. In justified cases (long distance between the partner university and LUT), LUT may provide support to the student and cover the travel cost (airline ticket, economic class, partner university – Warsaw – partner university). Conditions of the support will be stated in the Grant Agreement.
9. The student is obliged to submit the original Grant Agreement and the declaration of individual account to Office of International Education of LUT, on the basis of which the scholarship will be issued in two installments 70% and 30% of the full amount of the scholarship, respectively. Detailed terms of payments shall be included in the Grant Agreement.

PROREKTOR ds. studenckich

 dr hab. inż. Paweł Drożdżek, prof. PŁ

10. The total amount of paid scholarship must be justified by a real period of student's stay at LUT but it cannot exceed the amount established in the Grant Agreement between the student and LUT. The actual mobility duration will be established on the basis of arrival and departure date which are specified in the transcript of records or the confirmation of study period issued by LUT.
11. In order to settle the mobility students must submit a confirmation of study period and transcript of records to OIE as well as to complete an *on-line EU survey* no later than 10 days from receiving the request to do it. A student who fails to submit an individual report may be required by LUT to partially or fully reimburse the EU grant received.
12. Submission of the *on-line EU survey* shall be treated as a request for the last instalment, which shall be paid by LUT within 20 calendar days from submission of the survey.
13. Reimbursement of additional cost borne due to a student's disability, where appropriate, will be made on the basis of financial proofs submitted by the student, confirming the additional cost, to the amount stated in the decision of allocation of additional support related to disability (real cost reimbursement).
14. In the case of having breached the conditions of the grant agreement between student and LUT and not carrying out the mobility activity for studies, received scholarship must be returned by student partially or totally according to terms specified in Grant Agreement. The decision about the return is made by Vice-Rector for Students' Affairs.
15. The other rules concerning financial conditions of students' mobilities from partner countries (the Balkans, the Eastern Partnership, Africa, Russia, Asia, Latin America) under Erasmus+ Programme, are regulated by the Rector of LUT Regulation No. R 25/2015 of 13 April 2015 on the conditions and procedures of accepting foreign students under Erasmus+ Programme, international programmes and bilateral agreements.
16. LUT reserves the right to change regulations concerning the financial procedure for incoming students from partner countries (the Balkans, the Eastern Partnership, Africa, Russia, Asia, Latin America) under Erasmus+ Programme in case of receiving additional guidelines from the Foundation for the Development of the Education System.
